

A photograph taken at night showing a person standing on a grassy field next to large, illuminated letters that spell out 'GIST'. The letter 'G' is lit with a warm orange-yellow light, while the letters 'I', 'S', and 'T' are lit with a bright white light. The person, dressed in dark clothing, stands to the left of the 'G'. In the background, a large, modern building with a curved facade and many lit windows is visible against the dark night sky. The ground is covered in grass, and the overall scene is dimly lit except for the bright letters and the building's lights.

**GIST**
